About the Human Relations Division in the City of Durham Neighborhood Improvement Services Department

The [Neighborhood Improvement Services Department](#) works to preserve and improve quality of life conditions for Durham residents, and to encourage active participation in neighborhood redevelopment and public policy and decision making dialogue. The department is responsible for enforcement of quality of life ordinances and state statutes including the City's Minimum Housing Code; Nonresidential Code; Weedy Lot, Abandoned & Junk Vehicle ordinances; and the State of North Carolina's Unsafe Building Statute. The department's rapid responders, known as the Impact Team, remediate non-compliant housing properties; abate public nuisances, such as litter, graffiti, illegal dumping, and abandoned shopping carts; and conduct neighborhood service projects. The department's Community Engagement staff provides outreach and education to Durham residents and community organizations. The department's [Human Relations Division](#) strives to improve race and human relations in the City by working to eliminate housing discrimination and by prioritizing community outreach and educational activities to meet the needs of Durham's residents. The division is responsible for enforcement of the City of Durham Fair Housing Ordinance and the federal Fair Housing Act. HUD provides funding annually for the Division to investigate housing complaints in the City of Durham that allege discrimination on the basis of race, color, sex (gender), religion, national origin, physical or mental handicap or familial status (families with children). The Human Relations Division also provides oversight to the [City of Durham Human Relations Commission](#), which is comprised of 15 Durham residents who meet monthly to work on activities designed to improve human relations and promote harmony throughout Durham. Guided by the City's [Strategic Plan](#), the department helps ensure that Durham has thriving, livable neighborhoods by providing the highest quality of services to engage and educate the community, eradicating blight, ensuring safer neighborhoods and enhancing neighborhood revitalization.
