Notes:

Cultural Advisory Board - Current Goals

- Develop a process for equitable and transparent festival funding, which could serve as a model for the City's cultural resource allocation.
- Research and develop the methodology for an equitable, accountable system for education, training, and outreach within the arts community within the first year.
- Create a task team to research and define the parameters of a community engaged artist/historian in residency
- Identify under-utilized real estate and facilitate placing 3 artists or artist groups in temporary/short-term spaces.

Public Art Committee - Current Goals

- Creation of updated governance documents for Public Art Committee incorporating Durham County's new percent for public art program.
- Develop and implement public art projects in neighborhoods to create community conversations and connect residents to public spaces.
- Identify capacity building solutions for local artists including researching artist needs, developing mentor and mentee guidelines, and compiling evergreen artist resource documents.
- Develop a roadmap for advocacy efforts and create effective communication materials to impact public art advocacy efforts.
- Develop fundraising systems and create opportunities for fundraising education for PAC committee members. Raise funds (\$10,000) from non-city entities to create a public art project(s).
- Create systems to facilitate matchmaking between artists and property owners and businesses.
