Phone________________________________________
E-mail address: ________________________________

Plans Review Staff: ____________________________ Date: _____________________ The Plans Review staff person that signs the form is responsible for notifying the appropriate trades of the revisions.

Please note: For building re-review ONLY, some revisions, if legible when reproduced by our printers, may also be sent to: plansreview@durhamnc.gov.

Include the permit # in the subject line.

Rev. 6-26-2018
Follow these steps to access the LDO and view the comments and status of your building/sign permit application:

- Go to www.durhamnc.gov.
- Under Online Services, along the top line of the home-page, click on Permits & Inspections.
- Click on Application/Permit and enter the application number.
- On the Application or Permit Query Results screen, locate and click on the icon labeled Application Approvals. This will bring up a pop-up window with all of the notes from the plan review process. This information is in real time.

Once a building/sign permit is available for pick-up, a permit technician will notify the general contractor of record with either a phone call or an e-mail. This notification will include any fees due at the time of pick-up.
