**On page 33 of the project manual and in the general conditions it states that privilege licenses are required within 5 days of the opening. Are privilege licenses required?**

Privilege licenses ARE NOT required.

**I see two pages for the surety acknowledgement but do not see a page where the principals of our organization place their signatures. This is different from what we are used to seeing so I wanted to check and make sure these two pages in Appendix E are all that is required.**
