Communications and Community Outreach				
HRC 1	We recommend the Durham Police Department regularly publicize their involvement in the community and neighborhoods via media outlets such as the local newspaper, Durham Police Department website, social media, etc.	Administration concurs with the recommendation and recognizes that the Police Department regularly promotes community and neighborhood involvement in the local media, the website and in social media. Administration is supportive of and will offer guidance in the hiring of a permanent Public Affairs Manager for the efforts described above.	Hiring of a Public Affairs Manager. Development of a communications plan that includes ongoing monitoring of public/community relations efforts.	11/1/15: Complete. Public Affairs Manager has completed the communications plan and it is being implemented.

Attendance information is being provided to the City Manager's Office on a quarterly basis. 4/15/16: Beginning in May 2016, these reports will be available on the City Manager's Office website at this link (under "Partners Against Crime"): http://durhamnc.gov/291/Human-Relation

HRC 3	We recommend the Durham Police Department put more emphasis on promoting the Citizens Police Academy (CPA).	Outreach and efforts to improve diversity of and retain attendees should be enhanced, as evidenced by class sizes and demographic representation. Advertising and enhanced public relations efforts should be considered. Management recommends that evaluations be summarized and maintained, and that feedback be used to determine how to improve classes and reach more possible attendees. Once the curriculum is finalized, a brochure should be developed by the Department and distributed to help promote the CPA.	Finalize CPA curriculum; Develop Brochure; Translate brochure; distribute and post online. DPD will continue collecting and reviewing evaluations for possible improvements.	2/1/17: Complete, with ongoing monitoring. CPA curriculum has been enhanced and advertising expanded, including a TV commercial that aired on Time Warner Cable for 3 months. The new brochure (in both English and Spanish) is posted online. The 2016 Citizen Police Academy graduated 19 participants including Durham residents, a Civilian Police Review Board member, a family member of an officer, persons interested in police work and individuals seeking ways to help improve police-community relations.
HRC 4	We recommend the Durham Police Department recruit from the community of Durham to create a pipeline to employment with the Durham Police Department.	Administration affirms the spirit of the recommendation and endorses a continuing focus on recruiting Durham residents while maintaining a commitment to always seek the most qualified applicants to become Durham police officers.	Police Department provides report on BLET academy recruits and graduation stats regarding residency. Information will be provided after each academy is complete as part of Chief's quarterly report.	4/12/17: Ongoing. The department is now providing a one-time hiring bonus of \$5,000 upon successful completion of all training and a signed four-year commitment for both BLET and ALET applicants. DPD is also offering a one-time relocation bonus of up to \$3,000 for officers who move into the city limits of Durham. Other new incentives include an annual clothing allowance for investigators and a shoe allowance for Uniform Patrol officers. Reports on residency statistics for each academy class are included in the Chief's quarterly crime reports. A report on the current academy class (BLET #45) is available on the City Manager's Office website at this link (under "Residency Statistics"): http://durhamnc.gov/291/Human-Relation

The adopted FY17 budget includes funding for the first of three years of additional vehicle purchases to support a take-home vehicle program for officers residing in the City limits. Program will be monitored to determine impact on number of officers residing in the City. The first round of vehicle purchases (35 vehicles) was approved by City Council on November 21, 2016. Durham Police Department Policies				
HRC 5	We recommend psychiatric evaluations for all officers and employees of the Durham Police Department are required once every three years.	Administration concurs with the Department's current practice as described in General Order 2005R-1 and finds no basis to support the recommendation of the HRC to require psychiatric evaluations for all officers and employees of the Department once every three years.	None	8/21/14: No further action needed.
HRC 6 & 7	6: We recommend that the vehicle camera remain operating at all times. Officers should not be allowed to disable the camera.	It appears that current practice satisfies the intent of these recommendations, though it falls short of the specific request to record and retain all video during a shift. Having reviewed peer cities and best practices, Administration concludes that the Police Department's current practice is sufficient to document all officer interactions with the public.	None	8/21/14: Complete, with ongoing monitoring.

	HRC Recommendation	Management Recommendation (from report)	Action Item	Current Status
HRC 6 & 7	7: We recommend digital copies of these recordings be maintained no less than 180 days.	Administration will continue to hold the Department accountable for ensuring that policies are followed and strictly enforced to ensure the current system achieves the desired goal. Administration further affirms the 180 day video retention policy.	None	8/21/14: No further action needed.
Police Stops and Consent Searches				
HRC 8	We recommend the Durham Police Department communicate to citizens why they are being stopped or detained. The reason should be documented by the Durham Police Department in a form that is reviewable by the citizen.	Administration recommends that the current practices outlined in General Order 4052 R-1 continue but that the General Order be reviewed to consider clarifying the intent of the Department and accompanied training by removing the word "normally" in each of the last two sentences of the section referenced herein.	Review General Order 4052 R-1 for changes to clarify the intent of the Department and the accompanying training and whether the word "normally" in each of the last two sentences should be removed.	2/13/15: Complete. General Order 4052 (Vehicle Stops) was amended on 11/3/14 as directed. The General Orders Manual is available for review at this link: http://durhamnc.gov/DocumentCenter/View/10000
HRC 9, 10, 11	9: We recommend that a written form be required for all consent searches. This form must be signed by the citizen/detainee and should be available in English and Spanish.	That all written consent to search forms be available in English and Spanish in every police vehicle that has exposure to requesting consent searches.	Develop bilingual version of written consent form.	10/1/14: Complete.
			Have bilingual written consent forms available in all police vehicles.	10/1/14: Complete.
	10: We recommend the Durham Police Department require all officers to document with an incident report any encounter that requires a search of the person or property. This report should include a reason for the stop and search.	That General Order 4004 R-2 be amended to clarify that every reasonable effort be made to ensure that both the in-car camera and microphone are working so as to document the request for consent and the provision or denial of that request, and that officers will be encouraged to employ the written consent to search form; however, the discretion will remain with the officer.	Amend General Order 4004 R-2 to require written documentation for consent searches of residences, businesses, vehicles, and electronic devices, and ensure every reasonable effort that in-car camera and microphones are activated and working during all traffic stops to document consent search of vehicles.	10/1/14: Complete. 		That Electronic Traffic Stop Form submission software be adjusted to track the locations of traffic stops, as well as whether consent to search was given or denied. Training				
HRC 13	We recommend that the Durham Police Department collaborate with a national independent training organization, approved by the City Manager and City Council, to create and implement a racial equity training program for Durham police officers.	Durham has already begun the implementation of Fair and Impartial Policing, a program offered by the Department of Criminology at the University of South Florida. The program is led by a nationally recognized expert on the topic of bias based policing.	Finalize the schedule for the Fair and Impartial Policing Training Sessions.	2/1/16: Complete, with ongoing monitoring. All sworn officers have completed the Fair and Impartial Policing training. Additionally, Fair and Impartial Policing training is now included in the BLET curriculum for all incoming new recruits.
HRC 14	We recommend that racial equity, mental health, and crisis intervention training be made part of new recruit training.	Administration supports DPD's current racial equity and mental health training practices for new recruits. Administration also supports the current practices related to officer inclusion and selection for CIT.	None	9/11/14: Complete, with ongoing monitoring.

	HRC Recommendation	Management Recommendation (from report)	Action Item	Current Status
HRC 15	We recommend the Durham Police Department enhance their mental health and crisis intervention training for those officers who interact regularly with the community.	The need to have officers well trained in dealing with mental health and crisis intervention issues is undisputed. Given the widespread use of the current crisis intervention training model, Management believes the current curriculum is appropriate for use in the department. Administration will continue to support exposing as many officers as possible to this training, and will hold department leadership accountable for meeting or exceeding guidelines for the number of officers trained in this area. Administration further directs the DPD to continually review and implement new offerings in the area of mental health and crisis intervention training when these offerings are deemed to improve upon our current training program. Finally, management will endeavor to support all efforts to secure new resources to fund specialized personnel and/or programs dedicated to the care of residents in need of mental health or crisis intervention services.	None	8/21/14: Complete, with ongoing monitoring.

	HRC Recommendation	Management Recommendation (from report)	Action Item	Current Status
HRC 16	We recommend the Durham Police Department job performance evaluation include a review of stop/search data for irregularities in conduct and policy.	<p>The City's Performance Management System and the Early Intervention System described in the Issues/Analysis section provide the basis for effectively setting comprehensive employee performance standards in results and behaviors that align with both organizational goals and objectives, and community expectations. The Police Department also has the foundation in place to build on a system that collects and uses data appropriately to better refine and discover irregular or undesirable behavior for referral to an Early Intervention System.</p> <p>It is recommended that the Early Intervention System's current behavioral alert indicators and mandatory referral activities be reviewed to insure alerts and supervisory follow-up are sufficient and effective. As a strategy to improve effectiveness, the department should consider the use of "rates" of policing activities compared with other officers similarly assigned. The Police Department should carefully determine thresholds for alerts and intervention in the context of organizational priorities.</p> <p>After this review and update of the system, the data generated should be used in both the management and development of employees through performance feedback (quarterly coaching sessions and annual performance reviews.)</p> <p>It is not recommended that a job performance standard isolating the activity of "stop/searches" be added to the employee performance evaluation form since stop/search activity is just one activity of policing and varies depending on factors such as assignments, shifts, and districts. The job result that would incorporate <i>(continued on next page)</i></p>	<p>Review the Police Department's early intervention system's (Professional Excellence Program) behavioral alert indicators and current mandatory referral activities for sufficiency and effectiveness, and include documentation that a review of stop/search data has been included by 12/31/14 for the 2015 calendar year.</p> <p>Submit a copy of this evaluation to the City Manager by December 31, 2014 that documents the review and describes the methodology to be used to set the threshold for alert and intervention regarding stop/searches, and how the data generated will be used by supervisors and department management in quarterly coaching sessions and annual performance reviews.</p>	7/1/16: Complete. The annual review of the Professional Excellence Program is done each calendar year and is posted on the City Manager's Office website for public review.

General Order 1050 Professional Excellence Program has been amended and published effective 2/18/15. The General Orders Manual is available for review at this link: http://durhamnc.gov/DocumentCenter/View/...
HRC 17	We recommend a yearly training needs analysis in order to make any adjustments necessary to meet the needs of the community.	A review of the Department's procedures for evaluating training needs and incorporating new training topics into the curriculum seems to demonstrate that the Department is meeting or exceeding the objective called for in the HRC recommendation. Administration recommends that interested groups or individuals should contact the Durham Police Department's training division if they wish to learn more about current offerings or suggest topics for training that should be enhanced. Administration will always support maximum transparency regarding the subjects and frequency in which our staff are being trained.	None	8/21/14: Complete, with ongoing monitoring.

Marijuana Arrests				
HRC 18	We recommend the City of Durham reach out to municipalities, such as the City of Seattle, WA, to make inquiries about their initiatives regarding making marijuana arrest a low priority.	That the Police Department complete a thorough review of the misdemeanor marijuana arrests for the period 1/1/13-7/1/14 to determine the existence of patterns or other information that explain the racial disparity in arrests over that period and report the findings of this review to the City Administration no later than 1/1/15.	Review misdemeanor marijuana arrests for the period 1/1/13-6/30/14 to determine the existence of patterns or other information explaining racial disparities. Civilian Police Review Board				
HRC 20	We recommend that City Council move to an alternate model where the complaints themselves, rather than the Internal Affairs review process, undergo investigation by the Citizens Police Review Board.	Management recommends that initial complaints continue to be investigated by the Police Department. In the case of all City departments, Department Directors or their designees are instructed to seek resolution on complaints before pursuing alternate means. By changing the make-up of the Citizens Police Review Board to require PAC district representation, we can ensure all geographical areas within the City of Durham are represented.	The Administration recommends that the City Clerk's Office notify PAC co-facilitators in conjunction with advertising vacancies on the Civilian Police Review Board, but the Board not be required to include members from each PAC nor that PAC-affiliated applicants receive deferential consideration. HRC 30	We recommend a policy that ensures complaints of retaliation are properly investigated.	<p>A thorough, fair and impartial complaint investigation process is a critical component of maintaining the credibility of the Police Department. Like other potential abuses, threats of retaliation must be guarded against. Protections for those who bring allegations against the Police Department are a critical component of ensuring the process remains credible and safe.</p> <p>Management supports a robust system of protections like those contained in the existing Durham Police Department general orders, and has a responsibility to ensure that any employee who violates the general orders are disciplined appropriately. The Administration does not recommend that the City Council broaden the powers and authority of the Civilian Police Review Board to investigate whether there has been retaliation by Durham Police Department officers against citizens who have filed complaints. As indicated in the response to HRC 30 the current procedures and practices outlined in General Order 1014 R-7, City ethics and personnel policies and procedures related to abuse of authority, and the to be revised policies and guidelines, for the Civilian Police Review Board, provide adequate avenues for investigation and review of alleged retaliation complaints from persons who have filed previous complaints. General Recommendations				
HRC 32	We recommend the Durham Police Department strengthen accountability, both internal and external, regarding racial profiling and bias with the use of measurable benchmarks.	Management agrees that a more comprehensive evaluation of the data generated and reported regarding stops and searches is indicated in the Durham Police Department. General Order 4074 "Biased Based Policing" should be reviewed and amended to incorporate the changes. These changes include a semi-annual review of data instead of annual, as well as procedures for utilizing the data collected at both the individual officer level, supervisory level, and executive level in individual and departmental performance management systems.	None	10/30/14: Complete, with ongoing monitoring
HRC 33	We recommend the City of Durham partner with the Human Relations Commission and outside organizations (Fostering Alternative Drug Enforcement, National Association for the Advancement of Colored People, Southern Coalition for Social Justice, etc.) to promote a comprehensive program to educate the citizens of their rights in regards to police stops, searches, and their avenues of redress.	The Administration will continue to support interest in community education regarding residents' rights. Suggested outside agencies are encouraged to promote positions and interpretations as their resources, priorities and interests permit.	A structured citizen engagement process with the Durham Police Department exists. It is facilitated by NIS through PACs and recurring community engagement activities such as direct outreach and neighborhood publications. This engagement can and will be used for topics of discussion as desired by the Department and citizens.	9/11/14: Complete, with ongoing monitoring.
