PDRX will be used to manage both of these projects. The selected contractors will be required to enter a daily PDRX report.

Avondale Sidewalk Project and Campus Walk Sidewalk Project are two completely separate projects. Please be aware if you submit two bids and win both of them the City will expect you to construct both projects using independent crews. Avondale will be opened first at 3:00 PM and you will hold on to your bid for Campus Walk. Once Avondale has been resolved you will have the option of passing in your bid for Campus Walk or keeping the bid. Campus Walk Bid Opening will occur at 3:15 PM. Please note that the City's expectation is that both projects will be constructed simultaneously.
