COMMUNITY INFORMATION MEETING

Did you know walking opportunities on Raynor Street are planned to be improved to provide better facilities for users?

A meeting has been scheduled to discuss the design of a proposed sidewalk along the Raynor Street corridor between North Miami Boulevard and North Hardee Street. The proposed sidewalk will be located on the north side of Raynor Street. You are invited to **attend this meeting** to review the design, ask questions, provide your input, or discuss your interests before design work is completed. The meeting will be **drop-in style**, so you can come at your convenience and stay for as long as you like. **Your comments and input are important to us.**

Take 5 minutes to provide us with your comments! Scan the QR code with any smartphone to go to the project website and navigate to the project comment sheet.
