# The Rearrangement Concept

## You Have a Choice

1 You can prearrange your family estate prior to death, saving your loved ones from making difficult decisions at a very emotional time in their lives.

2 You can wait until death, causing greater burden for your loved ones to make cemetery and funeral arrangements.

A True Gift of Love  
and Peace of Mind

# Facts & Benefits

## Something to consider

Of course, no one wants to think about death, but it is one thing in life that is guaranteed. We often protect ourselves and our families, by buying accident insurance for our car. We buy insurance for our homes, and health insurance in case of sickness. We often don't expect these things to happen but are aware that they may and therefore prepare accordingly. Just look at pre-need burial arrangements as another precautionary measure to protect your family from financial hardship.

A common misconception is that life insurance will "take care of everything". Most people are unaware of the upfront cost of at-need burial. At a time of loss families may not be thinking clearly when making selections. They may choose things that are not in their best interest. Insurance benefits may not go toward what they were intended—a child's education, or a spouse's security. To ensure your family's security is protected it is always wise to preplan.

Here are some questions to think about when purchasing burial space:

1. How much space do you need, and will your children need space too?
2. What type of Monument do you want?
3. Do you want a lot that's elevated, close to the street, or near a loved one?
4. Is cremation an option?

---

---

### Common responses when questioned about burial arrangements are:

- 1) I don't care what happens; I'm not going to be here.
- 2) I'm not ready to think about that yet.
- 3) My insurance will take care of burial expenses.

## Cemetery Payment Options

The Cemeteries Division is allowed to accept payment for services by Cash, Check (in State), Money Order, Cashier's Check, and Visa and Master Card. Credit Card payments must be made in the main office at Maplewood Cemetery.

For pre-need lot purchases the City of Durham also offers a perfect solution for those who can't afford, or don't want to pay the cost of property upfront. Our **Partial Payment Plan** allows those who wish to make installments pay one fourth of the cost down and finance the Balance for eighteen months at 9% interest.

Payments are made every six months and the total amount must be paid in full prior to any burial on the lot. The partial payment plan only applies to burial space, or Columbarium or Mausoleum Niches. Opening and closing fees cannot be pre-paid at the Cemetery.

The City of Durham cemeteries take pride in offering helpful information and support through these difficult decisions.
