

PUBLIC WORKS
CITY OF DURHAM

August 22, 2019

To: Prospective Bidders
Subject: Addendum One: Project Manual Update – Appendices
Project: ST-308 Pavement Structure Design 2020

This addendum will answer a question received by a prospective bidder.

Proposals must acknowledge receipt of the latest addendum on the envelope.

Question: Will the project and the RFP require Falling Weight Deflectometer (FWD) testing?

Answer: The City of Durham will want the firm to tell us if a Falling Weight Deflectometer (FWD) testing is needed or not.
