To: Prospective Bidders

Subject: Addendum Three: Changes to the unit cost bid items and answer to questions.

Project: Petition Sewer on Garrett & Mimosa 2020 (WS-85)

This Addendum corrects the following for the subject referenced contract.

- Changes to the unit cost bid items.**

This addendum revises the bid items to include the changes/additions below:

1) The Clearing and Grubbing is not in **ACRE(S)**; it is a lump sum. The **ACRE(S)** language has been removed.

WS-85: PETITION SEWER ON GARRETT AND Mimosa			
Line #	Description	Unit	Quantity
1	CONSTRUCTION SURVEYING	LS	1
2	CLEARING & GRUBBING .. ACRE(S)	LS	1
3	UNDERCUT EXCAVATION	CY	100
4	GRADING	LS	1

Questions:

Q) Is there a limit on Bid item #30? Please advise.

A) Mobilization is limited to 5%. The 5% restriction has been added to the proposal.

Mobilization (Not to Exceed 5% of Total)	LS	1
--	----	---

Q) Bid item #22 calls for 5' diameter manholes at a 0-6 pay depth. City of Durham specs allow for 4' diameter manholes for 8" sewer lines. Please clarify whether you want 4' or 5' diameter manholes. This bid item lists all manholes to be a 0-6 pay depth, but this only applies to three of the manholes. Four of the manholes are greater than 6' deep. Please advise on how to price the deeper manholes.

A) All manholes are 5' diameter and paid Each regardless of depth. Payment is per NCDOT Specifications. The (0-6) ft language in the proposal has been removed.
