

CITY OF DURHAM
CUL-DE-SAC STREET LIGHT PETITION

The Transportation Division has determined that the bulb of the _____ cul-de-sac meets the requirements to receive additional street lighting when requested by 100% of the property owners.

The following signatures indicate each of the property owner's desire with respect to the installation of an additional street light in the cul-de-sac. Home Owners Associations have been represented by the signature of one of its officers.

**Property owners who have purchased property within the last two (2) years,
please list date of purchase and previous property owner's name**

| <u>ADDRESS</u> | <u>YES</u> | <u>NO</u> | <u>PRINTED NAME</u> | <u>SIGNATURE</u> |
|----------------|------------|-----------|---------------------|------------------|
| _____ | _____ | _____ | _____ | _____ |
| _____ | _____ | _____ | _____ | _____ |
| _____ | _____ | _____ | _____ | _____ |
| _____ | _____ | _____ | _____ | _____ |
| _____ | _____ | _____ | _____ | _____ |
| _____ | _____ | _____ | _____ | _____ |

| _____ | _____ | _____ | _____ | _____ |
| _____ | _____ | _____ | _____ | _____ |
| _____ | _____ | _____ | _____ | _____ |

Street light(s) will be ordered for installation upon receipt of a sufficient petition.

Petitioners should be aware that new service pole(s) will be installed when existing poles are not available to support the additional street light(s). In areas where electrical service is available only from the rear of private property, the affected property owner will grant permission to the applicable power company to trench to the power source. Upon completion, trenched areas will be backfilled to the original grade, but will not be seeded or mulched.
