

Notice

The U.S. Conference of Mayors has asked mayors to alert businesses of a potential cybersecurity threat that may impact on-premises Microsoft Exchange Servers. **If your server is in the Microsoft 365 Cloud, this announcement does not affect you.** However, if your server is on premises, please read the following announcement from the U.S. Department of Homeland Security's Cyber and Information Security Agency and follow the actions noted below. Please direct all your questions regarding this important announcement to CISA's Watch Center at central@cisa.gov.
