To: Prospective Bidders
Subject: Addendum One: Answers to Questions and Clarifications
Project: ST-320 Street Repairs and Repaving 2022

This addendum is to answer questions from the Pre-Bid Meeting on November 10, 2021 at 2:00 PM, replace the Unit Price Bid Table, add language about the Max RAP and include a Speed Hump Detail. This addendum forms a part of the Contract Documents and modifies the original Bidding Documents dated October 27, 2021 with amendments and additions noted below.

The following Attachments are included in this Addendum:

Attachment A - New Unit Price Bid Table

Attachment B – Summary of Quantities by Street

Attachment C – Speed Hump Detail

- **Prospective Bidders Questions and Responses:**

1. **Question:** Can you please provide a detailed quantity breakout by street?
Response: Yes, please see attachment B, Summary of Quantities by street.
2. **Question:** How flexible are you about starting within 10 days of NTP?
Response: The City is normally flexible to work out with the contractor about the construction start day if there is a major reason, but normally it should be within the 10 days of NTP.
3. **Question:** Can you provided a pay item for double adjustments? Specifically asked due to crown adjustments that took place this year.
Response: No, the City will not pay for double adjustments.

- **Modification of Unit Price Bid Table as presented in attachment A.**

- **Modification of Section 32 12 16 Asphalt Paving to add the following:**

The Contractor has the option to use a recycled plant mix in lieu of virgin plant mix. However, all provisions of the specifications for virgin mixes apply to

recycled mixes. The maximum percentage of Reclaimed Asphalt Pavement (RAP) by weight allowed by the City of Durham is 30% of total mixture.

- **Modification of Section 32 15 00 Block Border Speed Humps to add the City of Durham Speed Hump Detail as presented in attachment C.**

Thank you for your interest in this project.

Sincerely,

Ana E. Jaramillo, P.E.
